

Aerospace Logistics Group

On Call. On Time. Everywhere.
We keep your aircraft in the air.

Who are we?

- Specialists in services for aerospace industry:
 - Transportation
 - Distribution
 - Logistics
- ALG is a worldwide organisation
- We deliver the logistics solution for your avionic components and aircraft engines

Our goal

To deliver an impeccable service with tailored procedures to ensure the fast and safe arrival of your freight

We speak YOUR language

- We understand “just in time” and inventory reduction
- We appreciate the difference between routine, critical and AOG
- We know an FAA8130 from a EASA Form 1!

Why us?

- In critical situations, our clients count on our members and our 24/7 support
 - AOG support 24/7
 - Logistics
 - Air, ocean and road shipments
 - “On board courier” shipments
 - Packaging

The power of the ALG

- Number of aerospace/aviation shipments per month by ALG members:
 - 10,000
- Combined annual turnover of ALG members:
 - US\$ 159,363,919.00

 Aerospace Logistics Group

The ALG is the premier network of experts in moving urgent and not so urgent aviation and aerospace shipments around the world. All of our members have many years of experience providing highly specialised services to the aerospace and aviation industries.

Aerospace Logistics Group members are independent companies who work closely together to bring value-added services to their clients 24/7/365.

Please come meet us at booth 934 at MRO Europe in Madrid to discuss how the ALG can meet your specific needs.

Or contact us today.

... at your convenience

Aerospace Logistics Group was founded in January 2007 by a group of international freight forwarders. The ALG specialises in providing value added services specifically meeting the needs of the aviation and aerospace industries.

The Aerospace Logistics Group provides a high class, worldwide service - around the clock!

All members are independent companies with many years' experience in the aerospace industry - joined together to provide seamless global coverage.

Aerospace Logistics Group provides:

- :: 24-hour AOG service at all stations
- :: Import and export customs clearance
- :: Domestic, regional and international air freight and courier services
- :: International sea freight
- :: Domestic distribution
- :: On-board courier service (hand carry) for urgent items
- :: Charter options of all aircraft types
- :: Value-added services for the aviation industry
- :: Specialized IT solutions
